

A prominent club woman, Mrs. Danforth, of St. Joseph, Mich., tells how she was cured of falling of the womb and its accompanying pains and misery by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Life looks dark indeed when a woman feels that her strength is fading away and she has no hopes of ever being restored. Such was my feeling a few months ago when I was advised that my poor health was caused by prolapsus or falling of the womb. The words sounded like a knell to me. I felt that my sun had set; but Lydia E. Pinkham's Vegetable Compound came to me as an elixir of life; it restored the lost forces and built me up until my good health returned to me. For four months I took the medicine daily, and each dose added health and strength. I am so thankful for the help I obtained through its use."—MRS. FLORENCE DANFORTH, 1007 Miles Ave., St. Joseph, Mich.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Cuts Off English Novelists. The British Weekly, London, says: "Only a very few among the novelists of our time have their stories published in serial form in America. Eight or ten years ago the English novelist of standing could count on receiving more than half his income from America, and now he can count on practically no returns at all."

Gila Monsters Increase. Since the Indians have been thinned out the gila (heela) monster is overrunning the Southwestern territory. The only antidote known for the gila's poison, which is fatal in about thirty minutes, is a secret of the Hualpisi Indians, in Mexico, who think it god-given, and never have divulged it, although government officials and scientists have lived among them for the purpose of discovering it.

Harden Metals by Air. The latest proposals for intensifying the oxidizing action of air on metals is that of M. Harmet, and has for its object the treatment of cast iron, producing a refined iron or steel. Molten iron is caused to flow through a fine channel surrounded by an annular air-blast, which thus forms a turpene, driving the metal forward in a fine spray. This spray is collected and allowed to flow together again in a receiving chamber, from which the molten steel can be tapped.

Hand-to-Hand Fight With a Tiger. On Monday last a villager pluckily attacked a tiger that was lying on the railway line near the Mosul station. It was a life and death struggle; the villager was only armed with a cudgel, with which he made a desperate attack on the tiger, but was eventually overpowered by the infuriated brute, which tore and bit him all over and then retired. The unfortunate man has since succumbed to his injuries at Arkonam.—From the Hindu.

Free to Twenty-Five Ladies.

The Defiance Starch Co. will give 25 ladies a round trip ticket to the St. Louis Exposition, to five ladies in each of the following states: Illinois, Iowa, Nebraska, Kansas and Missouri, who will send in the largest number of trade marks cut from a ten cent, 16-ounce package of Defiance cold water laundry starch. This means from your own home, anywhere in the above named states. These trade marks must be mailed to and received by the Defiance Starch Co., Omaha, Neb., before September 1st, 1904. October and November will be the best months to visit the Exposition. Remember that Defiance is the only starch put up in 16 oz. (a full pound) to the package. You get one-third more starch for the same money than of any other kind, and Defiance never sticks to the iron. The tickets to the Exposition will be sent by registered mail September 5th. Farmers Take Chances. The liking for a gamble, though the odds are all against them, seems inveterate in English farmers. They prefer, when selling fat cattle, to pit their experience against that of the butcher, and to sell at sight instead of by weight. At present the total of all the cattle markets of England and Scotland in which the "weigh bridge" is scheduled as in use is only twenty-one, of which six are in Scotland and fifteen in England.

Gold in British Isles.

In a paper recently read before the Institute of Mining Engineers in London, J. M. McLaren gave some curious facts about gold mining in Great Britain and Ireland. In all, gold of the value of \$2,094,915 has been found. Of this England contributed barely \$3,000; Wales, \$1,400,000, and Ireland \$145,000. The largest nugget, weighing twenty-two ounces, was discovered in Ireland. It was made into a snuffbox for George III.

Stronghold of Dick Turpin.

There is an old house at Buckhurst Hill, England, reputed to have once belonged to Dick Turpin, the notorious highwayman. It stands on the top of the hill, is one story high, and has windows on all sides. The reason given for its peculiar construction is that Dick Turpin could thus survey the flat country for miles around, and get timely warning of the approach of unwelcome visitors.

Essence of Orange Leaves.

A notable industry in Paraguay is the preparation of essence of orange leaves. Some one hundred and fifty years ago the Jesuit priests, who then ruled that country, planted the orange forests. This essence is largely imported into France and the United States for use in soap and perfumery making. It is also used in Paraguay as a healing ointment and a hair tonic.

Cording for Balloon Nets.

In all, over three miles of cording are used in making a balloon net, which, as a whole, is strong enough to suspend a small locomotive, weighing a matter of twenty-five tons! Could the lifting power be imparted to the balloon, it would carry the railway engine on a safe voyage through space.

Value of Riches.

Riches are valuable at all times and to all men, because they always purchase pleasures such as men are accustomed to and desire; nor can anything restrain or regulate the love of money but a sense of honor and virtue, which, if not equal at all times, will naturally abound most in ages of knowledge and refinement.—Hume.

Catarrh of the Stomach is Generally Called Dyspepsia—Something to Produce Artificial Digestion is Generally Taken.

Hence, Pepsin, Pancreatin and a Host of Other Digestive Remedies Has Been Invented.

These Remedies Do Not Reach the Seat of the Difficulty, Which is Really Catarrh.

EX U. S. Senator M. C. Butler from South Carolina, was Senator from that State for two terms. In a recent letter to The Peru-na Medicine Co., from Washington, D. C., says:

"I can recommend Peru-na for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine besides a good tonic."—M. C. Butler.

The only rational way to cure dyspepsia is to remove the catarrh. Peru-na cures catarrh. Peru-na does not produce artificial digestion. It cures catarrh and leaves the stomach to perform digestion in a natural way. This is vastly better and safer than resorting to artificial methods or narcotics.

Peru-na has cured more cases of dyspepsia than all other remedies combined, simply because it cures catarrh wherever located. If catarrh is located in the head, Peru-na cures it. If catarrh has fastened itself in the throat or bronchial tubes, Peru-na cures it. When catarrh becomes settled in the stomach, Peru-na cures it, as well in this location as in any other.

Peru-na is not simply a remedy for dyspepsia. Peru-na is a catarrh remedy. Peru-na cures dyspepsia because it is generally dependent upon catarrh.

Ripans Tablets are the best dyspepsia medicine ever made.

A hundred millions of them have been sold in the United States in a single year. Constipation, heartburn, sick headache, dizziness, bad breath, sore throat, and every illness arising from a disordered stomach are relieved or cured by Ripans Tablets. One will generally give relief within twenty minutes. The direct package is enough for ordinary occasions. All druggists sell them.

L. E. Cover, M. D., Savannah, Tenn., writes

under date of Aug. 1, 1900: "I have used Dr. Caldwell's Syrup Pepsin in both my own family and in my practice, and unhesitatingly state that I have got better results from it than any other form of pepsin I have used. I consider it a most excellent preparation."

Dr. T. Jones, of Osgood, Mo., writes

under date of Oct. 26, 1899: "I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock. I do not hesitate to recommend it."
